THE FUTURE  
OF WATER  
IN LA

# City Trunk Line South Unit 3

## Project Description

As part of LADWP's Capital Improvement Program the City Trunk Line South Unit 3 Project will replace a 102-year

Aqueduct Filtration Plant to the Franklin Reservoir.

## Construction Information

The project is divided into two phases with 14 work areas. Construction will rotate among the work areas to minimize traffic impacts along Whitsett Avenue.

Phase I construction began in July 2016 and is expected to be complete by June 2020. Hours of work are 7 a.m. to 4 p.m. Mon.-Fri. with some construction occurring on Sat. from 7 a.m. to 4 p.m.

Phase II is scheduled to start in July 2019 and tentatively scheduled to be complete by July 2022. Hours of work will be 7 a.m. to 6 p.m. Mon.-Fri. with some Sat. work from 8 a.m. to 5 p.m. Overnight work may be required as needed for underground construction from 6 p.m. to 7 a.m.

**Tentative  
Project  
Schedule**

July 2016 –  
July 2022

**Region**  
North Hollywood

old water pipeline in North Hollywood that runs along Whitsett Ave. from Vanowen St. to Magnolia Blvd.

Open trench and pipe jacking construction will be used to install 10,250 linear feet of 60-inch diameter welded steel pipeline. Once complete the CTLS 3 Project will comprise approximately 25% of the City Trunk Line South system that will connect the Los Angeles

A minimum of one lane will be open to north and south bound traffic in most active work areas except Work Area 14, which will be limited to one south bound lane.

Temporary tow-away/no parking signs will be posted as needed. Driveway and local access will be provided.
